A SPOONFUL OF HAPPINESS

PRODUCT CATALOGUE | 2022

A Spoonful of Happiness!

Shapes – a brand that is built on the premise that happiness lies in the smallest details. Cutlery and cookware, something that we take for granted, and perhaps don't even give it a second thought, but which stays with us for years on end, which is a part of our daily life and our special celebrations, just like all the real pleasures of life, isn't it?

Shapes is one of the leading brands in cutlery, cookware and kitchenware, with over 400 products spanning over 30 product categories. With a pan India presence at retail outlets, modern retail stores, ecommerce platforms like amazon, flipkart etc. and of course on our own company website, our products are being used extensively by millions of happy households, 5-star hotels, restaurants and catering companies.

We are an ethically and socially responsible company, with an uncompromising focus on quality, both of raw materials and that of the finished product, a wide array of designs, styles and finishes to choose from. Our products are proudly made in India, manufactured to export standards, in 5 state-of-the-art factories across Delhi and Haryana, with a combined production CAPACITY of over 400 tonnes of quality stainless steel products on a monthly basis, which helps us to handle a volume of 2 x 40' containers a day.

We have an extensive Pan India presence with a vast network of Distributors, Retailers, HORECA distributors, F&B and Hospitality consultants, and are also exporting to Europe and America. As part of our ongoing growth journey, we are constantly looking for more such likeminded businesses to expand our Domestic and International Distribution network, and are keen to entertain export enquiries.

You can visit our company website at www.shapesproducts.in for more details.
